VIA:  Executive Assistant, OC  FROM:  Chief, Engineering Division, OC  SUBJECT:  Proposed Executive Board Agenda Item  1. The future of the metropolitan area data communication network has been a hot topic of late, with much activity taking place against near and long-term solutions. It is a particularly timely subject to address in consideration of the FY-83 budget process, as this submission will represent a significant increase over amounts projected in the FY-82 budget.  2. We propose to present to the Executive Board a general briefing on the Wideband Communications System, Phase II, addressing the status of the SAFE effort, the plans to implement bus service for non-SAFE users, and current plans for interconnection of outbuilding systems.  3. The presenter will be the presentation 25X1 is expected to last 45 minutes not including a discussion period. 25X1	MEMORANDUM FOR:	Pine de la companya d
